

**STATE OF TENNESSEE
COMPTROLLER OF THE TREASURY
OFFICE OF OPEN RECORDS COUNSEL**

SCHEDULE OF REASONABLE CHARGES

PURPOSE:

Pursuant to Tenn. Code Ann. § 8-4-604(a)(1), the Office of Open Records Counsel (“OORC”) is required to establish a schedule of reasonable charges a records custodian may use as a guideline to charge citizens requesting copies of public records. Additionally, Tenn. Code Ann. § 10-7-503(g) requires each governmental entity subject to the Tennessee Public Records Act (“TPRA”) to establish a written public records policy that includes a statement of any fees charged for copies of public records and the procedures for billing and payment. Accordingly, the following policy sets forth general guidelines for records custodians when assessing reasonable charges associated with record requests under the TPRA.

POLICY:

I. General Considerations

- A. Records custodians may not charge for inspection of public records except as provided by law.
- B. The following schedule of reasonable charges should not be interpreted as requiring records custodians to impose charges for copies of public records. Charges for copies of public records must be pursuant to a public records policy properly adopted by the governing authority of a governmental entity. See Tenn. Code Ann. § 10-7-503(g) and § 10-7-506(a).
- C. Application of an adopted schedule of charges shall not be arbitrary. Additionally, excessive fees and other rules shall not be used to hinder access to public records.
- D. A records custodian may reduce or waive charges, in whole or in part, in accordance with the governmental entity’s public records policy.
- E. A records custodian may require payment for copies before producing copies of the records.
- F. The TPRA does not distinguish requests for inspection of records based on intended use, be it for research, personal, or commercial purposes. Likewise, this Schedule of Reasonable Charges does not make a distinction in the charges assessed based on the purpose of a record request. However, other statutory provisions, such as Tenn. Code Ann. § 10-7-506(c), enumerate fees that may be assessed when specific documents are requested for a specific use. Any distinctions made, or waiver of charges permitted, based upon the type of records requested should be expressly set forth and permitted in the adopted public records policy.

- G. Records custodians shall provide a requestor an estimate of reasonable costs to provide copies of requested records.

II. Per Page Copying Charges

- A. For each standard 8½" x 11" or 8½" x 14" copy produced, a records custodian may assess a per page charge of up to 15 cents (\$0.15) for black and white copies and up to 50 cents (\$0.50) for color copies. If producing duplex (front and back) copies, a charge for two separate pages may be imposed for each single duplex copy.
- B. If the charge for color copies is higher than for black and white copies, and a public record is maintained in color but can be produced in black and white, the records custodian shall advise the requestor that the record can be produced in color if the requestor is willing to pay a charge higher than that of a black and white copy.
- C. If a governmental entity's actual costs are higher than those reflected above, or if the requested records are produced on a medium other than 8½" x 11" or 8½" x 14" paper, the governmental entity may develop its own charges. The governmental entity must establish a schedule of charges documenting "actual cost" and state the calculation and reasoning for its charges in a properly adopted policy. A governmental entity may charge less than those charges reflected above. Charges greater than 15 cents (\$0.15) for black and white copies and 50 cents (\$0.50) for color copies can be assessed or collected only when there is documented analysis of the fact that the higher charges represent the governmental entity's actual cost of producing such material, unless there exists another basis in law for such charges.

III. Additional Charges

- A. When assessing a fee for items covered under this section, records custodians shall utilize the most economical and efficient method of producing the requested records.
- B. A records custodian may charge its actual out-of-pocket costs for flash drives or similar storage devices on which electronic copies are provided. When providing electronic records, a records custodian may charge per-page costs only when paper copies that did not already exist are required to be produced in responding to the request, such as when a record must be printed to be redacted.
- C. It is presumed copies of requested records will be provided in person to a requestor when the requestor returns to the records custodian's office to retrieve the records.
- D. If a requestor chooses not to personally retrieve records and the actual cost of delivering the copies, in addition to any other permitted charges, have been paid by the requestor or otherwise waived pursuant to the public records policy, then a records custodian is obligated to deliver the copies via USPS First-Class Mail. It is within the discretion of a records custodian to agree to deliver copies of records through other means, including electronically, and to assess the costs related to such delivery.
- E. If it is not practicable or feasible for the records custodian to produce copies internally, the records custodian may use an outside vendor and charge the costs to the requester.

- F. If a records custodian is assessed a charge to retrieve requested records from archives or any other entity having possession of requested records, the records custodian may recover from the requestor the costs assessed for retrieval.

IV. Labor Charges

- A. A records custodian shall utilize the most cost efficient method of producing requested records. Accordingly, a records custodian should strive to utilize current employees at the lowest practicable hourly wage to fulfill public records requests for copies.
- B. "Labor" is the time (in hours) reasonably necessary to produce requested records, including the time spent locating, retrieving, reviewing, redacting, and reproducing records.
- C. "Labor threshold" is the first (1st) hour of labor reasonably necessary to produce requested material(s). A governmental entity may adopt a higher labor threshold than one (1) hour. A records custodian is only permitted to charge for labor exceeding the labor threshold established by the governmental entity.
- D. "Hourly wage of an employee" is based upon the base salary of the employee and does not include benefits. If an employee is not paid on an hourly basis, the hourly wage shall be determined by dividing the employee's annual salary by the required hours to be worked per year. For example, an employee who is expected to work a 37.5 hour workweek and receives \$39,000 in salary on an annual basis will be deemed to be paid \$20 per hour.
- E. In calculating labor charges, a records custodian should determine the total amount of labor for each employee and subtract the labor threshold from the labor of the highest paid employee(s). The records custodian should then multiply the amount of labor for each employee by each employee's hourly wage to calculate the total amount of labor charges associated with the request.

Example:

The hourly wage of Employee A is \$15.00. The hourly wage of Employee B is \$20.00. Employee A spends two (2) hours on a request. Employee B spends two (2) hours on the same request. The labor threshold is established at one (1) hour. Since Employee B is the highest paid employee, the labor threshold will be applied to the time Employee B spent producing the request. For this request, \$50.00 could be charged for labor. This is calculated by taking the number of hours each employee spent producing the request, subtracting the threshold amount, multiplying that number by the employee's hourly wage, and then adding the amounts together (i.e. Employee A (2 x \$15.00) + Employee B (1 x \$20.00) = \$50.00).
